- https://vax-trax.herokuapp.com/

professional experience

Freelance Graphic Designer
Warren, MI / May 2008 - Present
- Clients range from local start-ups and political candidates to major corporations such as Lyft.

- Typeset documents. Designed mailers and email campaigns. Created logos and graphics for social media and websites.

- Met strict deadlines and maintained strong communication with clients over phone or email to ensure quality, prompt work.

- Experience with preflight and packaging documents for printers. Also worked closely with printers to ensure correct color and other important instructions to guarantee customer products are printed correctly and maintain a good relationship with the printers.

Graphic Designer
Trevco Inc., Madison Heights, MI / May 2013 - December 2019

- Creation of designs and graphics for one of the largest licensed apparel companies in the country. Clients include but not are not limited to DC Comics, Warner Bros, CBS, and Harry Potter.

- Responsible for organizing and managing all samples necessary for licensors and ensuring acceptable print quality.

- Personally handle accounts for HBO, Showtime, and other major networks for setting up designs, providing product information, and shipping out samples.
